

## **Arabic Bible Commentaries** Safaa Fahmi, et al.

LATM Book Club members have already helped with several of these commentaries. Safaa says that at least 9 more will be finished in 2017. For June's Book Club selections, let's help with three: *Philippians*, *1 & 2 Peter*, and *Romans*, volume 2.

You already know that this Arabic commentary set is a historic project, possibly the first ever. Its impact is enormous, becoming available across North Africa and the Middle East, for workers who preach Christ in settings that are often hostile to the message. What a great gift of help to the ministries of these brave and dedicated men and women.

To get a feel of that impact, listen to this story. The man who formatted the first manuscripts of the commentaries on the computer comes from a nominal Christian background. When he was entering volume one of the Romans commentary, he called Safaa, almost crying. *I have just discovered the heart of my Christian life*, he told Safaa. *I have spent 68 years of my life trying hard to live the good life, and still I felt guilty and unworthy, but now, after I read "The Book of Romans" by Jack Cottrell, I have discovered the real meaning of GRACE. That released me and took away all the mountains of fear and guilt. Now I can sleep in peace. Thank God for the writer!*
